# Sampad Santra

Howrah, West Bengal, India | maghsantra@gmail.com | linkedin.com/in/sampadsantra-19032637a

## SUMMARY

Results-driven Data Analyst and Finance professional with hands-on expertise in financial data analytics, risk assessment, and business intelligence. Completed job simulations with Deloitte, PwC Switzerland, Goldman Sachs, and EY. Uses Python, Power BI, MySQL, and Advanced Excel to transform datasets into actionable insights. Seeking opportunities at the intersection of finance, technology, and data-driven decision-making.

## EXPERIENCE

**Fundraiser | Basti Ki Pathshala Foundation — Remote** **(April 2026–Present)**

- Manage fundraising outreach and donor engagement; maintain Excel tracking for donations, budget allocation, and campaign reporting.
  - Apply data analysis to segment donor profiles and support outreach and stakeholder reporting.

**Technology Analyst — Job Simulation | Deloitte (Virtual)** **(February 2026)**

- Completed practical technology-consulting tasks involving data querying, workflow automation, structured problem-solving, and Python-based solutions.

**Risk Analyst — Job Simulations | Goldman Sachs & EY (Virtual)** **(2025)**

- Practised quantitative risk assessment, financial exposure analysis, IT governance review, and risk-mitigation reporting.

## EDUCATION
